

Mark Ellis Munson, M.D.

Board Certified Orthopedic Surgeon

Lakeland Regional Orthopedic Associates

Born in Tulsa, Oklahoma, Dr. Munson did his undergraduate education in Biological Sciences and graduate work in Biochemistry at Oklahoma State University, before attending medical school and the University of Oklahoma.

Upon graduation from medical school, he finished a General Surgery internship before completing his Orthopedic Residency at the University of Oklahoma Health Science Center, and then taking a Sports medicine and Arthroscopy Fellowship at the University of Arkansas at Fayetteville.

Dr. Munson has 20 years of experience in private practice, with literally thousands of arthroscopic procedures of the knee, shoulder and wrist. He also is experienced in the cementless technique of knee, hip replacement using computer navigation, and is the only surgeon in the area certified in Hip Resurfacing.
